Bassim J. A Almusawi
Law College Dean

3/8

1. Program Vision

The college of law at the Waist University seeks to have high standing, either nationally or internationally to occupy a paramount position among law colleges to efficiently serve the community, and Seeking academic accreditation for all college programs, for undergraduate and graduate studies. Opening up to the local and international community in the field of research and science in service of the college's mission. Program also seeks to achieve advanced positions in international classifications, obtain academic accreditation, and have its journal enter the global ranks. The College of Law/ Waist University is committed to maintaining and further improving its national and international rankings in a number of areas. Our impition is to be selective law school whose faculty and students will have a meaningful and far-reaching impact on the law in order to ensure that our graduates are able to continue to advocate for all clients.

2. program Mission

1. The program's mission is ensuring that our faculty and staff members have the necessary support to accomplish the various responsibilities necessary to create a quality education for our students.
2. To provide distinguished academic programs for those who join the college, to spread a culture of establishing justice and protecting rights, to establish the foundations for preserving public freedoms, to enhance the value of the human being by enlightening them about their rights and duties, and to focus on legal research based on innovation and creativity, which contributes to resolving societal issues.
3. The college seeks to prepare distinguished legal cadres, And equipped with knowledge and skills Professional ethics and saturated with national spirit after providing a scientific environment Respond Effectively for requirements development sustainable , quality performance and reliability scientific , which contributes to establishing a solid legal system that This is part of its scientific and national mission to serve society and seriously contribute to democratic construction and establishing the foundations of human rights and public freedoms and enhencing the rule of law in our country.

3. Program objective

We recognize that the College of Law must move forward in a rapidly changing social and economic environment. This strategic objectives are designed to recognize the potential challenges facing our nation now and in the coming years, and to strengthen our community, our curriculum, and our law college. Some of the major challenges we seek to address in this mission include economic instability and the recognition that how legal education must continue to evolve. This plan also acknowledges that at this moment, public discourse and our society generally is often in need for fostering the rule of law. Wasit University College of Law aims to lead legal education in fostering rule of law, inclusive excellence, comprehensive advocacy and professionalism, and efficient legal knowledge for students, faculty, and staff to achieve following objectives.

1- Applying quality standards in the college's performance in all its departments and branches and striving to obtain Accreditation Academic for all its programs and strive to enter the approved international classifications.

2- Working on adopting digital transformation in the academic and administrative fields of the college.

3- Providing an integrated educational program according to the latest scientific quality standards that increases the student's ability to:

Creativity And innovation and contribute to the preparation of qualified and trained graduates who possess legal mental capabilities, research and professional skills to advance legal tasks .

4- Strengthening scientific relations with similar colleges and local , regional and international organizations specialized, and trying to make the most of its experience in the research and scientific field to serve the college's mission.
